

STA Sectional Overhead Door Operators With Electronic limits, Pre-wired built on V3E Starter and 'Intelligent' Pushbutton station

The STA operator has a 0.55kW, 400V three phase motor.
Alternatively, a 0.3kW, 240V single phase version is available.

These models are available with a floor level hand chain system
which enables the door to be manually opened & closed when required.

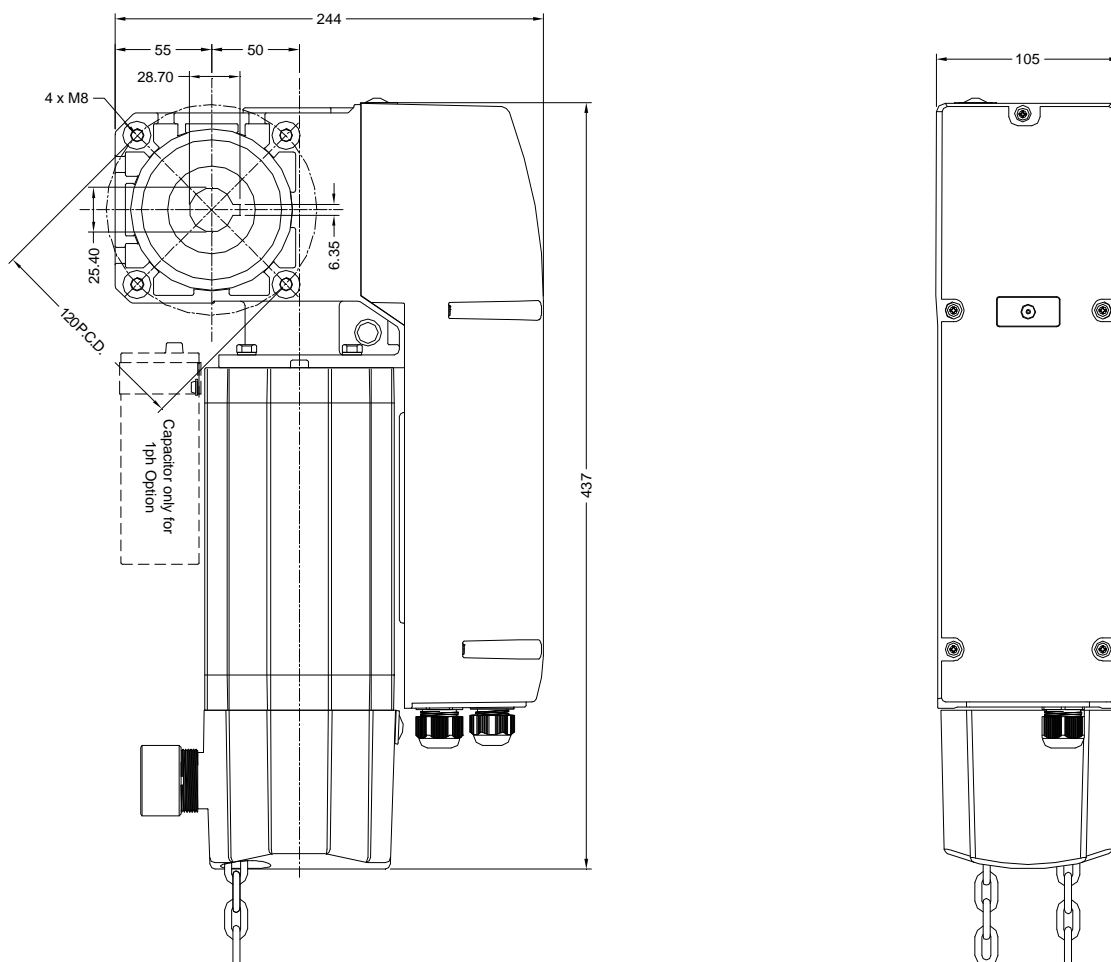

Available with pre-wired V3E Starter and Intelligent Pushbutton Station.

Developed to make installation easy and simple.
Limits can be set from low level via the Intelligent push button station.

Also available with low level V3E or V7E Multi-function Starters.

3ph STA c/w Floor Level Hand Chain Mechanism Dimensions

Note: Vertical Mount Option Only Available.

Technical Details

Operator Specification	400V 3 Phase Operators	230v 1 Phase Operators
Torque (Nm)	100 (140 Peak)	70
Power (Kw)	0.55	0.3
Output Speed (rpm)	24	
Shaft Diameter (mm)	25.4	
Voltage/Phase	400/3	230/1
Current (amps)	1.8	4.7
Frequency (Hz)	50	
Limit Turns	22	
Protection (IP)	54
